## Hornblower Cruise and Networking Scavenger Hunt

### Friday, October 16th

PAIMA Members will cruise over to beautiful Coronado Island in style aboard the High Spirits yacht. This ship was originally constructed as a sister ship to President Franklin D. Roosevelt's presidential yacht, Sequoia. Today, she has been meticulously restored and is considered one of the finest antique yachts available for charter on the west coast.

This year, our event will get a lot more exciting as we engage in a bit of friendly competition among our members. As we begin our trip to beautiful Coronado Island, we will break into teams and review the rules for our Networking Scavenger Hunt.

Lunch will be served and everyone will enjoy the breathtaking views while dining on the Upper Deck of the yacht.

Once we reach Coronado Island, it is time for PAIMA Members to work together, following the clues that will lead their teams to victory.

After the Scavenger Hunt, everyone returns to the yacht to tally the scores and the winners will be

photo taken and receive  
a custom PAIMA Member  
Trophy.
